

LUMINAIRES - LED STRIP

Product Description:

RGB colour changing super bright flexible LED strip with self-adhesive backing (must be applied to clean surfaces). With 17mm between LEDs, individual light points are less visible creating a continuous glow. Single RGB LEDs allows for programmable settings including static colours and colour changing modes, depending on the control system used. This strip has cut points every 100mm. For runs over 5m individual lengths should be connected in parallel as voltage drops 4V per 5m. A 24V DC Constant Voltage LED driver is required (see driver options table). Reel length 30m.

3 year warranty.
